Dear Parent/Guardian:

According to the Texas Education Code Section 25.095, all school districts, at the beginning of each school year, are required to notify parents and person(s) standing in a parental relationship with a student about what is often called the **Compulsory Attendance Law**. This letter is to comply with that requirement and is intended to inform parents and guardians in advance about the legal action that the Henrietta Independent School District is required to take to enforce this law, as well as the penalties that can result.

Our first bell is at 7:50 a.m. The tardy bell is at 8:00 a.m. The dismissal bell rings at 3:27 p.m. Truancy is any intentional unauthorized or illegal absence from compulsory education; this does not refer to excused absences. A complaint against a parent or guardian for contributing to truancy shall be filed in the appropriate court if the student is: **1), absent from school ten (10) or more days or parts of days within a six month period in the same school year.** Parents or guardians who commit the offense of thwarting the Compulsory Attendance Law can be ordered to pay fines and court costs.

For more detailed information, your attention is directed to Sections 25.085, 25.093, 25.094 and 25.095 of the Texas Education Code. A copy of those provisions of the law is available for your review at the District's main administrative office.

It is our hope that by working together, we can avoid any truancy problems and any necessity for using any of the laws mentioned above. Thank you in advance for your attention to this letter, and for all the help we know you will provide in ensuring your child's attendance this school year.

Sincerely,

Kristin Lennon

Notification of Rights under FERPA

For Elementary and Secondary Institutions

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older (“eligible students”) certain rights with respect to the student’s education records. These rights are:

- 1) The right to inspect and review the student’s education records within 45 days after the day the District receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- 2) The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

Parents or eligible students who wish to ask the school district to amend a record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- 3) The right to provide written consent before the school discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official

has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. (NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.)

- 4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

Notificacion de Derechos bajo de FERPA

Para Escuelas Primarias y Secundarias

Los padres o estudiantes elegibles tendran que pedir, por escrito, los documentos que quieran examinar. Esta peticion se hara al director de su escuela. El director hara arreglos para acceso y comunicara al padre o estudiante elegible la fecha y lugar donde se podran examinar estos documentos.

- 2) El derecho de pedir que se hagan correcciones en los documentos educativos cuando haiga errores que se puedan mal entender.

Padres o estudiantes elegibles pueden pedir que el Distrito corrija el documento que ellos piensan que esta incorrecto. Deben escribirle al director de su escuela, identificando claramente la parta del documento que quieren cambiar, y especificar por que el documento aparese incorrecto o se pueda mal enender.

Informacion adicional sobre los procedimientos de la audicion seran ofrecidas al padre o estudiante elegible cuando se les notifica de su derecho de esta audicion.

Una excepcion que permite descubrimiento sin permiso es para oficiales legitimos conectados con la escuela y que tienen interes educativo legitimo. Un oficial de la escuela es una persona empleada por el Distrito como administrador, supervisor, instructor, o alguien que apoya a estas personas (incluye personal tecnico de salud o medicina, y personal de justicia o de su administracion); una persona que toma parte como miembro del Consejo de Instruccion de las escuelas publicas; una persona o compania con quien el distrito a contratado para que haga tarea especial (como un abogado, revisor de cuentas, consultor medico, o persona que ofrece terapia); o un padre o estudiante que sirve en un comite oficial, como

Dear HES Parent,

Your child has requested access to the Henrietta ISD network, and your permission is needed in order to grant this access. Getting access to the Henrietta ISD computer system allows your child to communicate with other schools, colleges, organizations, and individuals around the world through the Internet and other electronic information systems/networks. Through the Henrietta ISD electronic communication system, your child will have access to hundreds of databases, libraries, and computer services all over the world.

With this educational opportunity also comes responsibility. It is important that you and your child read the Henrietta ISD policy, administrative regulations, and agreement form and discuss these requirements together. Inappropriate system use will result in the loss of the privilege to use this educational tool.

Please note that the Internet is an association of diverse communication and information networks. It is possible that your child may run across areas of adult content and some material you might find objectionable. While Henrietta ISD will take reasonable steps to preclude access to such material and does not encourage such access, it is not possible for us to absolutely prevent such access.

Please return the attached agreement form indicating your permission or denial of permission for your child to participate in the Henrietta ISD electronic communication system. The Henrietta ISD policy may be viewed at http://www.henrietta-isd.net/pages/uploaded_files/HISD_Electronic%20Use.pdf, or you may receive a hard copy from the office if you do not have access to the Internet.

Sincerely,

Kendra Bennett
Principal

Welcome to the Nurse's Office!
Jeanette Holding, RN

Healthy Children are Prepared to Learn

The goal of the school health clinic is to promote and maintain maximum individual pupil health status. I am available to assist students with illness and injury related problems. In addition to these primary services, I conduct health screenings, assist students and families with referrals for medical services, follow-up, and act as a health education resource person for students and staff.

Medication

For the protection of all students, there are some strict rules regarding medication to be given at school.

1. **The Henrietta schools do not have a stock supply of Tylenol.** A parent/guardian must provide the medication their child is to receive at school.
2. **Over-The-Counter Medications** may be given only after a Non-Prescription Medication Authorization Form is completed and signed by the parent/guardian. Over-the-counter medication must be received in the original container. Appropriate dosage for age as stated on the label will be dispensed.
3. **Prescription Medications** may be given only if a Medication/Treatment Request Form is completed and signed by the physician and parent/guardian. Prescription medications must be brought to school in a pharmacy-labeled bottle that contains the child's name, name of medication, physician's name and instructions for use. You may ask your pharmacist for a second, properly labeled bottle to keep at school. This is especially important with liquid medications that have to be refrigerated like antibiotics.
4. We recommend that all medication be brought to school by a parent/guardian. **For the protection of all students, no medication will be sent home with a student.**
5. Medications brought to school and not meeting necessary requirements will not be dispensed and will be locked in the office until a parent/guardian verifies the medication, signs the proper form or takes it home.

ILLNESS AT SCHOOL

Children with fever (100 degrees Fahrenheit or higher), or any condition that presents with fever, should be excluded from school until they are fever free for 24 hours without the use of fever suppressing medications.

The nurse has the responsibility if she suspects a contagious health condition to request that the child be picked up by the parent or guardian and examined by a physician for diagnosis and treatment. In the event of a contagious illness, please notify the school upon confirmation of diagnosis.

IMMUNIZATIONS

TEXAS STATE LAW states that children must have immunization (shot) information on file at school. It is the responsibility of the parent/guardian to furnish the school with the official immunization record which includes the month, day, and year of each immunization. If the student's immunizations are not complete or up to date, the student may be excluded from attendance until the needed immunization is received.

Healthy Children Are Prepared To Learn

Physically and emotionally healthy students are better able to take advantage of their learning opportunities.
